Justin Reardon

Managing the School Reindeer Hunt

Division: Earth & Environmental Sciences / None

Category: Senior

Region: Renfrew County

City: Petawawa, ON

School: Bishop Smith Catholic H.S.

Abstract: The purpose of this project was to develop a system for managing an annual school-wide competition called the Reindeer Hunt. This competition involves a large number of students making it difficult to manually track the information to run it. The application developed allows most of the management to be automated.

Biography

I am a Grade 12 student at Bishop Smith Catholic High, and am the Treasurer of the Student Council. On the student council I have been primarily responsible for helping organize dances and other major school activities. I've participated in science fairs since the seventh grade - this will be my sixth year at the CWSF. Outside of school, I do computer programming and some web development as hobbies. I also enjoy skiing in the winter. I will be going to U of Waterloo in the fall in the Computer Science program.
