Cognitive Development: Nature vs. Nurture

Division: Life Sciences

Category: Senior

Region: Saskatchewan Chinook

City: Meyronne, SK

School: Kincaid Central School

Abstract: The youngest generation will grow to become the leaders of our society. The nature versus nurture controversy remains a key issue in the area of cognitive growth. It is the question of environment vs. genetics. Although a seemingly trivial issue, it has become a thorn in the side of psychologists in every aspect of psychology.
