Steven Johnson

8 Seconds Safe II

Division: Health Sciences / None

Category: Senior

Region: Peace Country

City: Manning, AB

School:

Abstract: It is a neck brace attachment for rough stock events in rodeo and for other extreme sports. It supports the neck and protects the head and neck area from injuries. The tests have proven it successful in causing no interference, and in preventing neck and head injury.

Biography

My name is Steven Lloyd Johnson I am 17 and am in grade 12 attending Holy Family Cyber High in Manning, Alberta. I love to watch and go to rodeos, go mudding, quading, team roping, and bull riding. I plan to be a heavy duty operator and a stock contractor on the side and be a well known face in the rodeo world.
