

## CWSF 2007 - Truro, Nova Scotia

### Daniel Rogers

#### Quel est la qualité d'air dans les différentes régions de Yarmouth, Nouvelle

**Division:** Engineering & Computing Sciences / None

**Category:** Junior

**Region:** Tri-County

**City:** Yarmouth, NS

**School:** Yarmouth Junior High School

**Abstract:** Nous tout besoin nettoie de l'air pour respirer. Les particules dans l'air peuvent venir de la pollution (fumée, smog, chimiques). Cette expérimente a examiné la qualité d'air de ma communauté -Yarmouth, Nouvelle-Écosse. Les particules visibles d'air ont été recueillies dans quatre régions différentes. Les résultats ont démontré les places qui l'avaient la plus de particules visible d'air parce qu'il a plus de polluants d'air.

#### Biography

I enjoy learning and working to maintain an 85% academic average. I love acting and doing presentations in class. I belong to the Yarmouth Shotokan Karate Club and currently working towards a brown belt. I enjoy reading, running, swimming, playing computer and video games, skating and playing soccer. In the future I would like to become an environmentalist because I am concerned about the environment and I would like to make a difference in the world. I am also interested in becoming a meteorologist. I won my first provincial award in 2001 when I was 7 years old, Can Skater of the Year award. I also won a Yarmouth Town and County Sports Heritage award in November 2001. In 2005, I won a medal for Special Merit -Reading Skills. In 2006, I received an honours certificate for academic achievement for the school year and won highest standing in Grade 7 Language Arts for 2005-2006. One of my most notable experiences was when my Grade 5 teacher had cancer ...she died the year after. She was not only an outstanding teacher but also a magnificent person. I will never forget what I learned from her.
