How Does Fear Affect Pulse Rate?

Division: Physical & Mathematical Sciences / None

Category: Junior

Region: Northern Manitoba

City: Flin Flon, MB

School: Ruth Betts School

Abstract: The purpose of this project is to see if fear really does affect pulse rate. The experiment was to test 10 people in one age group, and compare the pulse rates of them before and after 4 tests.

Biography

My name is Jenna Chabot. I am 14 years old and in grade eight. I go to Ruth Betts School. The school sports I play in are volley ball and badminton, basketball just is not me. I like to sing, and hang out with my friends. I have a job at McDonalds working on the til and drive through. When I am older, I want to be a hair dresser. I have always liked to do peoples hair and style it in weird but cool ways. In grade one, I got the student of the year award. I got on the honor roll in grade 5 and 6. I am planning on getting it this year.
