

## CWSF 2014 - Windsor, Ontario

### Veggie-Ponics: Growing Above the Call of Duty

**Challenge:** Discovery

**Category:** Junior

**Region:**

**City:** ,

**School:**

**Abstract:** If a decayed log can provide enough nutrients for a tree seedling to grow then a vegetable should also have enough nutrients to grow a vegetable seedling. This experiment will determine if it is possible to use a variety of vegetables to provide the nutrients needed for a vegetable seed to grow.
