Bzzz Balm - The Healthy Lip Explosion

- Division:** Life Sciences / None
Category: Junior
Region: Toronto
City: Toronto, ON, Vaughan, ON
School: Dublin Heights E. & M.S.
Abstract: This project explored the science behind cosmetics and merged Health Sciences with Botany. The aim behind this project was to create a lip gloss that would heal cuts, moisturize lips, and possibly prevent UV Rays and cold sores. our products' perfection involved four separate experiments leading up to the final product. The result was an organic, healthy, non-synthetic, cosmetic suitable for everyday usage.

Biographies

Shohi - My name is Shohi Prajapati. I am 14 years old, in grade 8, live in Toronto, Ontario, and go to Dublin Heights Elementary and Middle School. I have been in the gifted program since grade four. My very first science fair was in grade five, where my partner and I won first place. In grade six, our class took part in the Invention Convention, and I got my first claim to fame by showcasing my invention on television; Breakfast Television. In grade seven I won the school spelling bee competition and went to the Toronto Regional CanWest CanSpell Spelling Bee, in which I came in fifth place. In grade eight, I went back to the CanWest CanSpell Spellin...

Inna - My name is Inna Bershtadt and I was born in Moscow, Russia. I am currently 13 years old and I live Ontario, Canada. I immigrated to Canada when I was only 3, but I am able to speak and read fluent Russian at home. I have participated in many after school activities including, ballet, ballroom dancing, art, and I am currently taking guitar lessons. I am a fairly good runner and my friend and I have organized a successful Cheerleading squad at our school, Dublin Heights. So far, I have only attended 2 schools, Dublin Heights for JK - 5, then Summit Heights for the gifted program in grade 6, afterwards I returned to Dublin for gifted grades 7 - ...
